## ECO FRIENDLY ACCOMPLISH

Students can learn about the life cycle of trees, the importance of biodiversity, and the interdependence of ecosystems. By engaging in tree planting activities, students develop a deeper understanding of environmental stewardship, cultivating a lifelong commitment to preserving and protecting nature.

## ORIENTATION PROGRAM

*Accomplish Academy organised Orientation program for students which was informative and thought provoking session. Chairman, Board of directors, Dean , core team members and all staff members were introduced. All the speakers emphasized on the discipline, hardwork , determination and dedication towards achieving their goals. Finally Chairman Shri Buchi Reddy garu concluded the program by explaining the importance of discipline in one's life and also following college rules and regulations. Overall students experienced enriching session*

## Doctor visits

@ **Accomplish**

*“DOCTOR HELP PATIENTS TO  
GET RELIEF FROM THEIR PAIN”*

*Accomplish understands that health issues can impact a student’s ability. So, Accomplish Monitors a student’s physical and mental well - being through regular check-ups on alternate days. Ensuring all its students are healthy and active.*

## The Dream paint @ Accomplish

**Boosts creativity and imagination**  
*Drawing competitions encourage children to think outside the box, explore their creative potential, and come up with unique ideas and concepts.*

### **Develops fine motor skills**

*This process involves the use of fine motor skills that help children develop better hand-eye coordination, dexterity, and precision. By practicing these skills, children can improve their handwriting, drawing, and other activities that require the use of their hands.*

### **Enhances cognitive abilities**

*It can also improve children's cognitive abilities by stimulating their brains and promoting mental agility. Creating art requires concentration, attention to detail, and problem-solving skills that can help children develop their memory, spatial awareness, and visual-spatial skills.*

### **Boosts motivation and self-esteem**

*When children see their artwork displayed or appreciated by others, it can give them a sense of pride, confidence, and motivation to continue creating art.*
